I commend you for speaking out in support of solar, arguing that the South Carolina House and Senate were clear that they wanted more renewables in South Carolina. It was incredibly unfortunate that your colleagues, sided with the utility monopolies.

I'm wondering if this matter has been brought to Governor McMaster's and the Office of Regulatory Controls' attention? Or is there even anything they can do to reverse the PSC commissioner's stand?

I'm from Beaufort County and am extremely disappointed that Beaufort County's PSC member would oppose support of solar companies. It's obvious he does not represent my or my neighbors' best interest!

Thank you for your support.
